

ZMotif™ CardStudio™ Card Printer Software

Fast and Easy Way to Create Great-Looking Cards

Zebra ZMotif CardStudio is an easy-to-learn, easy-to-operate professional card design and card issuance software suite. Whether you're creating simple or complex designs, CardStudio offers a version for every application with three editions: Classic, Standard and Professional. Compatible with all current and legacy Zebra card printers—including both direct-to-card and retransfer—CardStudio makes designing, encoding, printing and connecting to databases fast and efficient. And the option to print via Direct-to-Printer (D2P) technology optimizes print quality and ensures seamless design and card encoding.

Easy Upgrades and Demo Edition Available

Protect your investment with software license key upgrades—no hardware or dongle required. Upgrades to more feature-rich editions are available with the simplicity of a software license key. Face Snap plug-in is also available as an option for automatically cropping and optimizing images for production.

To download a demo version or to upgrade your software, visit www.zebra.com/cardstudio.
